Bozeman City Ordinance 1754 allows initial decisions for a Kennel License to be done by a designated official of the Bozeman Police Department. A Kennel License is required for any resident of Bozeman that has three or more of either dogs or cats. A Kennel License will only be granted if conditions such as adequate size, impact on nearby residents and proper ability to care for the animals are satisfied. In the event either the applicant, or a neighbor, disagrees with the decision of this official, a hearing may be requested in front of the Bozeman City Commission, at a later date.

In order to assure the inspecting official has all information to make a decision regarding this application, all residents living within 200 feet of this proposed location must be allowed to give input. Your input is welcome, regardless of whether you are in support of, or against, allowing this application to be granted.

Prior to this decision, you are invited to submit public comment on this application (or attached statement) via U.S. Mail care of the Bozeman Police Department, Animal Control Division, P.O. Box 1230, Bozeman, MT 59771, in person at Bozeman City Hall, 121 North Rouse Avenue or via e-mail at [policecomments@bozeman.net](mailto:policecomments@bozeman.net).
