Financial Disclosure Statement

Required by Sect. 2.01.100 of Ordinance No. 1759 and the City Charter

Introduction:

The City of Bozeman and the Bozeman Board of Ethics would like to help individuals understand the need to complete the attached Financial Disclosure Statement. Those who serve the City of Bozeman represent the community by their actions each and every day. The public deserves to be represented by individuals that are free from conflicts of interest. With the completion of a Financial Disclosure Statement, individuals are further indicating to the community a responsibility to be above reproach in their financial affairs. With the annual completion of the financial statement, the signer will be reminded of the need to avoid financial conflicts of interest in fact or in appearance.

Montana's public records laws require that, once signed, these forms are on file in the City Clerk's office, for review by the public. This is not meant to discourage individuals from participating in City government, but is meant to assure the public that relationships that may be of concern are properly disclosed.

A list of individuals who are required to fill out this form will be prepared each year and will be on file with the City Clerk. Persons required to file will receive mailed notice each year.

This form must be filled out annually by those who are "major financial decision makers:"

- **All City Commission Members, the City Manager, and Department Directors; and**
- **Any employee or board member who is an "authorized signatory" for claims approval, according to the official signatory forms in the finance office; and**
- **Members of City boards that have expanded financial authority (not just advisory roles):**
 - **Library Board of Trustees**
 - **Parking Commission**
 - **All Business Improvement District Boards**
 - **All Urban Renewal District Boards**
