Program Instructions, Limitations, and Terms

Unit must be installed and operational before submitting your application.

1. The rebate amount listed is applicable only to new, **WaterSense® labeled high-efficiency showerheads**.
2. A maximum rebate of \$30 will be issued for qualifying showerheads. New construction is eligible for a \$20 rebate per installed WaterSense® showerhead.
3. A maximum rebate of \$60 applies per application. Contact the Water Conservation Division if requesting a rebate greater than \$60 as funding may be adequate to issue a higher rebate amount. Rebate amounts are not to exceed purchase price of qualifying products and cannot include labor, delivery, or maintenance costs.
4. Tenants must submit an owner-authorized letter to confirm permission for new showerhead installation.
5. Only showerheads connected to the City of Bozeman public water supply are eligible for rebates.
6. Old showerheads cannot be reused. Applicants agree to destroy or disable their old showerhead(s).
7. Installation of showerheads is the sole responsibility of Applicant and showerhead(s) must be installed at the installation address listed on the reverse of this page.
8. A copy of the sales receipt is to be attached to this application. Receipts must include the make and model of the showerhead(s) purchased. The purchased showerhead(s) model number(s) must match exactly the WaterSense® list to qualify for a rebate.
9. The effective date of the Bozeman Showerhead Rebate Program is January 1, 2016. Rebates for showerhead(s) purchased prior to January 1, 2016 will not be given. Rebate amounts and eligible showerheads are subject to change at any time.
10. Applications will be processed in the order they are received. Incomplete applications could be denied and returned to Applicant or result in a delay of the approval of the rebate.
11. To ensure water savings are achieved, the showerhead installations must be maintained for a period of five (5) years minimum. If any showerheads need to be replaced in this time, the participant agrees to replace with products of equal or greater efficiency.
12. Limited funding is available to issue rebates. Rebates will be issued on a first-come, first served basis through the end of the current fiscal year (July 1st-June 30th). Funding may be renewed at the start of the following fiscal year. The City cannot guarantee that submittal of a rebate application will result in issuance of a rebate check. The Bozeman Showerhead Rebate Program is subject to change or cancellation without notice.
13. A rebate check will be mailed within forty-five (45) days of receipt provided the application is complete and funding is available.
14. Multi-household property owners seeking to complete bulk retrofit projects at 10 or more dwelling units must receive pre-approval prior to installation of any fixtures. Please contact the Water Conservation Division for information on the pre-approval process.
15. A W-9 Tax Form is **required** of any parties that have been issued a total rebate amount equal to, or in excess of \$600 by the City of Bozeman within one tax year. Applicant must submit a completed W-9 form for the City to issue rebates totaling \$600 or more.

Important! Please Read Carefully

1. Proof of installation must accompany this application. Proof may take the form of an invoice from a certified plumber, or a photo of the new showerhead(s) after installation. Applications without proof of installation will not be considered for a rebate.
2. The City reserves the right to do an on-site inspection to verify installation of the showerhead(s) rebated through this program. Access to the rebated showerhead(s) must be provided at the time of inspection. If showerhead installation(s) cannot be verified, the payee will reimburse the City for the rebate funds received.
3. The City may contact Applicant by phone or in writing to verify information provided in the application and/or to schedule an inspection. Any inspection shall occur during regular business hours.

Disclaimer

The City makes no representation or warranty regarding the showerhead(s) eligible for rebate under the Bozeman Showerhead Rebate Program. By participating in the program, you waive and release the City from any and all claims and causes of action arising out of the purchase, installation, or use of the showerhead(s) purchased in connection with the rebate program. Any claim you may have based upon any defect or failure of performance of a showerhead purchased should be pursued with the manufacturer/distributor. City verification inspections are not a certification, warranty, or other approval with respect to the Applicant's compliance with applicable laws, ordinances and building codes.

Signature (required)

I have read, understand, and agree to the terms and limitations of the Bozeman Showerhead Rebate Program. I certify that the information provided is true and correct.
